

Wir schaffen Zukunft

Kennziffer: 496094

Strengthen our offshore team with your skills! A challenging assignment on the high seas with RTS Wind AG awaits you this summer. We are part of the offshore wind energy industry in Germany from the very beginning. Our specialist department has many years of expertise and we are constantly adapting to the dynamic market. Firm partnerships with major clients ensure constant new challenges and development opportunities for our employees.

This season, we are responsible for the maintenance and repair of Siemens SWT 3.6 and Senvion 6.2M wind turbines for one of our customers. Therefore, we are looking for an

OFFSHORE SHIFT LEAD (M/F/D)

Work Location: Germany, RTS Headquarters in Bremen, Windfarm Baseport: Cuxhaven

Start of Work: June 2021

You are responsible for the direct supervision of the teams of your shift (up to 15 technicians, storekeeper, site admin). Your place of work is the SOV (Service Operation Vessel) and the RTS office. You ensure that your shift is working correctly in relation to the schedule, the HSE guidelines and the requirements of the customer

YOUR SCOPE OF DUTIES:

- » Organizing shift schedules for team members
- » Monitoring attendance, tardiness, time-off
- » Delegating the work according to roles and skills
- » Technical support and supervision of the work
- » Training new and current team members on tasks
- » Handling customer issues and managing conflicts
- » Adhering to the companies policies and health & safety standards

YOU BRING THESE QUALIFICATIONS WITH YOU:

- » Siemens Level 5 (or higher), or a comparable qualification
- » Many years of experience in the maintenance of wind turbine type Siemens SWT 3.6 or Senvion 6.2M wind turbines
- » Leadership experience as a team leader or shift supervisor
- » Fluent English, a European driving license, very good knowledge in EDP and MS Office are a prerequisite
- » Furthermore you have...
 - »» An independent, reliable and well-structured way of working
 - »» A lot of own commitment and flexibility
 - »» The excellent ability to lead staff and manage projects
 - »» Enthusiasm for the wind energy sector
